“ Dearest Tony, you were the best brother-in-law anyone could have. I love you very much and I will miss all those silly conversations you and I had on the phone. We had such a wonderful time when you were last here to visit and I will always treasure those special memories and pictures of you, Arcy and all the family. Take care of my Arcy and give him hugs and kisses for me. God bless you and may you rest in peace with our Lord. Martha, Roseanne and Anthony, my thoughts and prayers go out to you and your families. May God give you the strength to get through these difficult days. I love you dearly, Elva Urbina

“ *My cousin Tony was such an amazing person! he was loved by all of his cousins.*

We always had so much fun with him when we got to see him. We didn't see him much because of distance, but the time spent together was special.

We had a great time when we last saw him in Tucson and Benson and a lot of family was there. We'll miss you Tony!! Love from Charlie and Mary

“ Papa, the kids & I miss you so much. I can't believe you're gone. I remember everytime I would see you, you would want to know everything that had be going on with me. Then you would sit there & tell me to take care of myself, that I was a good mom. Then I remember all the times you'd be dealing with my mom & you'd call me because you didn't know what to do anymore. You and my mom went through so much together. So many bad memories, but so many good also. She used to call me when you guys would be hanging out. She would start crying because she was so happy to spend good quality time with you. She loved you so much. I remember the first time I met you & dad (Anthony) I ended up sitting in your guys garage, all big & pregnant, talking for hours when you guys just moved in. Of course mom and dad ended up getting together like a year after. But anyways, I am so glad and thankful that you & dad moved in next door to us. Because I feel honored to say you were in my life papa. My kids had so much fun with you, they adored you, and loved coming to your house & seeing you. Even if the dogs barked & acted like they were gonna bite them.. They still wanted to get as close to you as they could. I'm really gonna miss you. You were so funny, so kind, so loving. It's gonna be weird going to your house & not seeing you. I'm making a promise to you papa, just like I did with my mommy.. I promise to remain by dad's side, love him & talk to him, answer his calls, let him vent to me, cry to me.. I will be here by his side for the rest of my life, to love and support him. I love you papa. I'm gonna come back on here a different day and write some more about you, try and find some pictures to post of you. I just wanted to write a Lil something for you. I can't believe you're gone. I love you papa, I miss you already. So do your great grand babies. Rest in peace papa. Xoxoxo.

“ *We will miss you so much! You were always there for us when we needed you.*

You were loved by everyone. I remember when you worked at Lucky Store

people would stand in your line just to talk to you no matter how long the wait was.

I also the silly things you would do like when I would put my makeup on in the morning

at our kitchen table, one day you taped a picture of a monkey on the mirror I used and when I went to use it and I saw it we all laugh. I

also remember the time I had

went to the feed store around Christmas time and I had brought back some dog

Christmas cookies and I left them on the kitchen counter and you ate them. When

I got home you told me you ate the cookies and that they were not that good. I just

laughed and laughed and told you they were dog cookies. I will always remember

the silly things you did and how you liked to joke around. We will miss you dad so much!

Give mom a big kiss and my Annie.

Love you always

Martha

“ *Oh man where do I begin? Tony was an important part of my growing up with Mary Martha. He made menudo with ham so I didn't have to eat tripe. Him and Mary calling dibs on the radio whenever he hauled Mary Connie and I someplace like the mall. Talking to him when he worked at Lucky's and being teased. I loved him and Mary's mom to the moon and back. RIP sir. And tell my mom and dad hello please*
