“ Barbara was a very dear and precious friend. We have been friends for five years and in daily contact by phone or text since she became ill in February. I cannot believe she is gone. She is and will be always missed. But, I know that she is an angel in heaven and watching over her loved ones. I miss you so much, my dear friend. I remember all of our laughs and long talks. You will always be in my heart, prayers and thoughts. Much love to your special family.

“ A piece of my heart is missing with the passing of my life long friend. We were friends for 50 years, not always together but close.. It was just the last 2 years that we connected again and I am so thankful and grateful for the wonderful times we spent together before and after her illness. I am so sad and still unbelieving but I am glad I was there for her when she needed me the most. I will miss her and will always love her like a sister. My deepest sympathies to her loved ones and know that I will always be there for you no matter what. I love you all so very much.

Love you,
Sue
