“ We miss you Linda, my baby sister. Even though I know you are in a better place and I will see you someday very soon, I still find myself picking up the phone and dialing your number to check on you and see how you are feeling. Then it hits me that I can't do that anymore. I have many fond memories of you over our 56 years here on earth. But I also know that the best time is ahead of us when we are reunited with each other and the rest of our family and friends while we live in mansions and walk on streets of gold next to rivers flowing with milk and honey! So even though our hearts are in so much pain now, we know we will see you again soon and under much better circumstances. We'll be in a place called Heaven for eternity where there is no sadness, no pain and no sorrow! I Love you Linda!!
