“ It's two months now since my sister/mom passed on. What I miss most was our 'sister talks' for over an hour on the telephone. I have yet to delete her phone number from my cellphone -- that hurts too much. I'm crying like a little girl right now -- she was always there for me..... I MISS HER SO MUCH. Kay

“ What can you do or say about someone you adored all you life? She was Gods gift to us all. She was able to turn a dark and gloomy day into wonderful sunshine, bring about hope when you thought there was none. Sad that she's gone ...yes, but happy to know that she is at peace and when I think of her, just the thought brings a smile to my face. So many happy memories. The last time I saw her, she told me that she was not very wealthy, but what she has is lots of time and love. She had boundless amounts of that. Her generosity was her major gift to us all, as it came directly from her heart. In my view Shirley was the wealthiest person I knew. As she arrives at the Pearly Gates I can vision in my mind that St. Peter says "Well done Shirley, Well done!"
Yes Auntie Well done!
Until we meet again

“ Shirley was an amazingly warm hearted generous and positive person, always looking for the best in Everyone. A completely selfless person who seemed to find the most happiness in the helping, caring and encouraging of others. I will always remember her resilient spirit and ability to make even the most dire situations hopeful. She will truly be missed.

“ How do you describe someone who's nothing less then selfless, caring to everyone & loving to all - an absolute angel on earth! That's what my Grammie was. She was the rainbow in everyday, the sun that shun through the clouds on the rainiest of days. She embodied strength in the gentlest of ways. I still hear her voice & the positivity it reflected; I hope that sound never leaves my ears. I know she's at peace & has been reunited with my mother; that gives me a sense of happiness. I miss her more then ever; but forever in my heart you will live on. I love you so much Grammie ❤️

“ I remember Grammie as happy because every time I came over she had a happy face. I remember Grammie as sweet because every time I went over she had some thing special for me like a dinosaur. I remember Grammie as caring because she loves to give me hugs. That's what I remember about Grammie and will miss most!

“ What I remember most about my great Grammie is that she gave me dolls that she collected & loved. Whenever I came to her house I always gave her big hugs! She made me feel special. I will always love her & now miss her.

“ On behalf of the Wolfe family, please know each of you Gary, Nanci, Lori, Joann, are all in our thoughts as you find your path through this earthly life without your greatest guardian by your side. We hope you find peace in knowing she is now as close as your heart beat once again.

Sending love and sympathy,

“ Shirley took me into her heart and her home; she was my 2nd mother pretty much from the time the Diaz family moved onto Avalon Dr SSF. Her positive outlook and encouragement, her laughter and nonjudgmental way of seeing life were among her greatest qualities.

She was both mother and father to her family since George had been ill, and she did it all with grace making it look easy - and fun.

Avalon has not been t the same without the Diaz family, my heart has not been the same since Debbie left (Shirley's daughter) and now knowing Shirley has passed on, well it just makes the world feel less bright perhaps, yet knowing her shining brilliance is lighting up another world. Shine on Shirley!

Thank you Shirley, and all the family, for all the great years, my heart is with you all.

“ My mom was truly a special Mom not only to me but to many others. I personally feel so grateful and blessed to have spent the last five months since my retirement and relocation to Folsom. We spent numerous hours together enjoying many conversations, dinners, laughing, watching her Sacramento Kings, she loved watching the games. She had the schedule right by her chair that she sat in and even knew all the players names and most of the plays. I was impressed! For 87....

Mom rest in peace until we reunite again. I love you,

Your oldest daughter,

“ Shirley was not only my big sister, but also raised me from 3 years old. She would comb my hair and put it in pig tails. I was her shadow and went almost everywhere with her. She always made sure my neck 'was clean' :).

If I could just have half the positive attitude she had, it would be a blessing. She was so generous of giving of self -- like dressing like a clown and going to old age homes to make people smile.

*My heart hurts right now and I will miss her so much. Love you,
Shir!!!! Baby Kay*
