“ Miss Trudy Carlson was my client and friend. I've been her hairdresser for many many year. I'm crushed that no one told me. When I went to her house to cut her hair I know she wasn't doing to well. I'm just sad no one told me. She's been heavy on my heart and thanks to the creators of google. Why is the hairdresser that knows everything about ones life is always the last to know.

She was a amazing woman that I loved to make laugh. We would share our adventures in the wonderful world of the casinos. She love talking about her grandbabies and her successful yet busy son. I was sad that she didn't get to spend as much time with her grandchildren as she would have like. Thus the busy life of a Californian person.

I hope that her family was with her during her transition. Even though she didn't see eye to eye with her sister, I hope that they made their peace with each other.

May she be relaxing in front of the slot machine in the sky and winning big forever. I'll miss you Miss Trudy. Thanks for all the hugs.
